Leetcode: ezhilanand-LC **Github:** ezhilanandv **LinkedIn:** Ezhil Anand V **Hacker Rank:** ezhilanandv

SUMMARY

Motivated and detail-oriented Computer Science student with proficiency in Java and C programming, and foundational knowledge in Artificial Intelligence concepts. Passionate about building efficient solutions, applying AI-driven approaches, and exploring emerging technologies. Actively seeking an entry-level opportunity or internship to apply my programming and AI skills in real-world projects, contribute to a collaborative tech team, and grow as a developer through continuous learning and hands-on experience.

EDUCATION

• SSLC - SRKV Jain School, Tirupattur - Score: 95%	2018
• HSC - Adhiyaman Matric School, Uthangarai - Score: 74%	2020
• B.E. Computer Science and Engineering	2023-2027
K S Rangasamy College of Technology - CGPA: 9.2/10	

TECHNICAL SKILLS

• Languages	C, Python, Java
• Frontend	HTML, CSS, Java Script
• Databases	MySQL
• Tools	Github, VS Code
• Soft Skills	Active Listener, Quick Learner, Adaptable, Flexible, Proactive Thinker

PROJECTS

- **Smart Chatbot Using Natural Language Processing** 
Designed and implemented a web-based AI chatbot that understands user queries using NLP techniques and provides context-aware responses. Includes features like domain-specific query handling, basic calculations, and real-time date/time support through an interactive chat interface.

Technologies Used: Python (Flask), HTML, CSS, JavaScript, NLTK, scikit-learn.

- **Blood Donation System** 
Developed a database-driven application to manage blood donations and donor information. The system maintains donor registration, blood stock, hospital requests, and donation history, aiming to streamline the blood donation process.

Technologies Used: Oracle MySQL.

- **AICTE Counselling Management System** 
Developed a Python-based management system to streamline operations related to AICTE (All India Council for Technical Education) data handling. The system helps manage institution details, faculty records, student data, and compliance tracking with ease and accuracy. It aims to reduce manual workload and improve data accessibility.

Technologies Used: Python, File Handling, Tkinter.

CERTIFICATIONS

- Uipath Certified Professional Automation Developer Associate Certification.
- Certified-Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate.
- NASSCOM Digital Engineering Certification – Gold
- NPTEL- Human Computer Interaction.
- Sales Force - Agentblazer Champion.

INTERNSHIP

- Java Full Stack Developer Intern – EduSkills (AICTE), Jan–Mar 2026.
